

Stations

Center Street Station

The Center Street Station is TNFD's Headquarters. The original portion of this station was constructed in 1867. The administrative and career staff are housed at this station. One engine and one ambulance respond from this station. Utility 1 is located at this station, and Boat 1 is here when water rescues are possible.

Park Street Station

Built in 1986, the Park Street Station is where the Call Company personnel usually respond. This station has an engine, ladder truck, tanker, ambulance, rescue truck, forestry truck, and the UTV. This is also the location of TNFD's Training facility.
